

# The 6T70 Buddy

#T-3000-6TAC

**The Law of Gravity is unforgiving.**

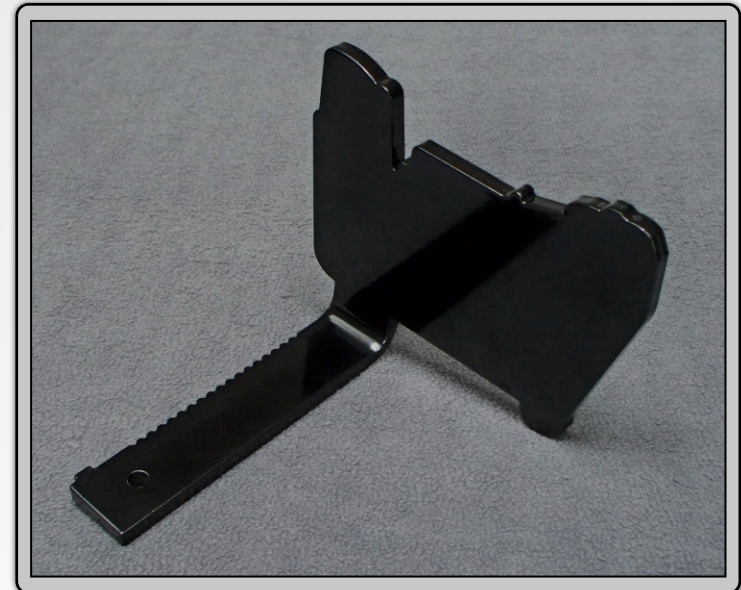

- Use with **both** Ford 6F50/55 and GM's 6T70/75
- **Safely** support these awkward units
- **Quick** and **easy** to install, use and remove
- Fits popular under-car jacks with ratcheting arms
- Special tab locates the 'Buddy when slid into place
- Hole provided to hang on the wall when not in use
- Powder coated for durability and good looks

The Right Tool for the Job.

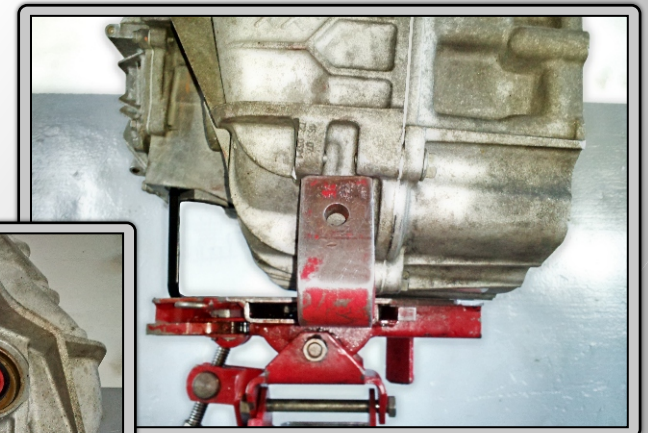

**ADAPT-A-CASE**

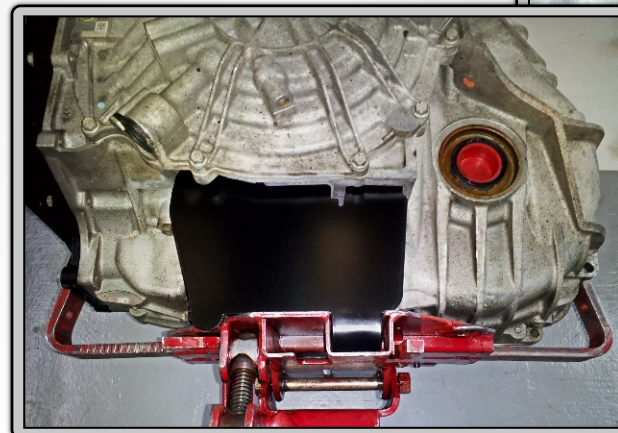

[www.Adapt-A-Case.com](http://www.Adapt-A-Case.com)

Laser-cut profile matches contours of both Ford -and- GM cases

Side profile of T-3000-6TAC in use

This view details the profile against case and the special tab
