

TC4405C

Case Saver & Protector

BW4405 Ranger/Explorer

Save your customer money and hassle by installing our **TC4405C** case saver. If your needs require case-half replacement, using this will prevent the problem from ever occurring.

Use requires slight modification to the pump tab by grinding approximately .050" from the tip.

Small investment of time results in another permanent repair!

Answering challenges with profitable solutions.
